

24 WEDNESDAY

25 THURSDAY

MAY

SCULPTURE COURSE:

how to shape the face (live model)

The surgical sculpture course, led by the well-known Italian sculptor Rita Siragusa, will give each participant the opportunity to create a clay head with his/her own hands. Thanks to this experience, the surgeon will be able to appreciate in detail the tridimensional aspects of facial features. This course will last two full days.

Faculty: Rita Siragusa & Chiara Botti
