PROGRAM

Friday Oct 10

Morning: live surgery

- 07.00-07.30 Opening
Botti & Scattolin
- 07.30-09.00 Closed primary rhinoplasty
M. Pelle
- 09.00-10.30 Open primary rhinoplasty
J.M. Palacin
- 10.30-12.00 Closed primary rhinoplasty
G. Botti
- 12.00-13.30 Open primary rhinoplasty
O. Gerbault

13.30-15.00 **Lunch**

Afternoon: lectures

Why Closed, Why open?

- 15.00-15.20 Closed approach: reasons of my choice
A. Scattolin
- 15.20-15.40 Open approach: reasons of my choice
S. Sciuto
- 15.40-16.00 Closed versus open rhinoplasty: an elective or a Hobson's choice
M. Pelle
- 16.00-16.20 Open approach: fundamentals
J.M. Palacin
- 16.20-16.50 Discussion

16.50-17.10 **Coffee break**

Tip surgery

- 17.10-17.30 Structural grafting of nasal tip
N. Cerkas
- 17.30-17.50 Definition grafting of nasal tip
A. Scattolin
- 17.50-18.10 An easy way to deal with inadequate tip projection and rotation
M. Pelle
- 18.10-18.30 Overprojecting tip correction in primary and secondary rhinoplasties
S. Sciuto
- 18.30-18.50 Trimless tip plasty
O. Gerbault
- 18.50-19.10 Tip surgery: different techniques and their indication
G. Botti
- 19.10-19.40 Discussion

20.30-23.30 **Gala dinner**

Saturday Oct 11

Morning: live surgery

- 07.30-09.00 Closed revision rhinoplasty
A. Scattolin
- 09.00-10.30 Open revision rhinoplasty
N. Cerkes
- 10.30-12.00 Twisted nose correction by open approach
W. Gubisch
- 12.00-13.30 Twisted nose correction by closed approach
P. Palma

13.30-15.00 **Lunch**

Afternoon: lectures

Dorsum and deviation

- 15.00-15.20 Algorithm for dorsal correction
Y. Saban
- 15.20-15.40 New concept in bone reshaping
O. Gerbault
- 15.40-16.00 Use of nasal hump to improve chin projection
Y. Saban
- 16.00-16.20 Restoring symmetry in asymmetrical nose: the endonasal prospective
P. Palma
- 16.20-16.50 30 years of experience in extracorporeal septal reconstruction.
W. Gubisch
- 16.50-17.10 Discussion

17.10-17.30 **Coffee break**

Revisions

- 17.30-17.50 Why Do We See So Many Rhinoplasty Complications
P. Palma
- 17.50-18.10 Secondary open rhinoplasty
J.M. Palacin
- 18.10-18.30 Reconstruction of overresected nose
N. Cerkes
- 18.30-18.50 Secondary tip surgery
W. Gubisch
- 18.50-19.10 Revision rhinoplasty
G. Botti
- 19.10-19.40 Discussion
- 19.40 Adjourn

"The big challenge" will see for the first time **the most well known nose surgeons operate live on the same "stage"**, on the occasion of a very unusual and stimulating international event. The main issue will be to compare open and closed approaches.

Eight amongst the world's "rhinoplasty masters" will show their techniques together with their best tips and tricks in order to prove the superiority of their surgical idea.

Each one of the faculty members will represent either the open or the closed technique and therefore advocate for their favourite one. The team of open rhinoplasty will be formed by the following "scalpel-knights": **Nazim Cerkas (Istanbul), Olivier Gerbault (Paris), Wolfgang Gubisch (Stuttgart), José Palacin (Barcelona)**. The closed approach will instead be defended by **Giovanni Botti (Salò), Pietro Palma (Milan), Mario Pelle (Rome) and Alberto Scattolin (Vittorio Veneto)**. Our "neutral referees" will be **Chiara Botti (Salò), Yves Saban (Nice) and Sebastiano Sciuto (Rome)**.

All the involved surgeons will not only stand up for themselves and their ideas through live surgery demonstrations, but also by means of lectures and fierce debates.

There will be a limited number of participants, which will all be involved as much as possible.

Since we have almost run out of places, if you are interested in taking part to this unique meeting, please hurry up!!!

In case, just have a look to:
